This action is responsive to the communication filed May 26, 2005.

Group IV is rejoined with Group I in view of the allowability of claim 15.

Claims 16-46 and 48 are withdrawn from further consideration pursuant to 37 CFR 1.142(b), as being drawn to a nonelected invention, there being no allowable generic or linking claim. Applicant timely traversed the restriction (election) requirement in the reply filed on May 26, 2005..

Applicant's election with traverse of Group I in the reply filed on 5/26/2005 is acknowledged. The traversal is on the ground(s) that dependent claims are restricted out. This is not found persuasive because the form of the claim is immaterial. MPEP 608.01(n), section III, fifth paragraph, states that a proper dependent claim may be subject to a restriction requirement.

The requirement is still deemed proper and is therefore made FINAL.

Claims 2-3, 5-11, 14-15 and 47 are allowed.

This application is in condition for allowance except for the following formal matters:

Claims 16-46, 48-49 are non-elected with traverse. A complete reply to this action must include cancellation of nonelected claims or other appropriate action (37 CFR 1.144) See MPEP § 821.01.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
